

Lock Surgeon Community Support Fundraising Opportunity

Lock Surgeon Group Of Companies (Lock Surgeon, Door Surgeon & Bee Cool Glass Coatings), is providing community support to sports teams in the Edmonton Area.

We have produced a cushion that's excellent for sitting on while watching your athlete(s) take part in their activity(ies). The cushion could also be used in the garden as a knee pad or while completing other tasks around the house.

Example of Fundraising program:

1. Lock Surgeon's hard cost is about \$6 per cushion.
2. We donate 50% of the cost, resulting in a very low cost of \$3 per cushion for the sports team.
3. The Cushion often retails for about \$20 - 30.
4. A sports team can sell the cushion for \$25 as a fundraiser item and earn an income over cost of \$22 per unit.

How to get started:

1. Talk with Lock Surgeon's Community Support Team (Contact – fundraising@locksurgeon.com), to find out how many cushions you would like to order.

For example: You might have 12 players on a team and each player may be responsible for selling 2 cushions. 24 cushions for your team and you may have 4 teams = 96 cushions plus you may want 10 extra. Your order would be for 106 cushions x \$3 each = \$318

106 cushions can be sold for \$25 each, which would give you a net income of \$2650.00

- The above example would generate \$2650.00 minus cost of \$318.00 leaves a balance of \$2332.00 to help support your fundraising challenges.

2. Once arrangements have been made, cushions can be picked up at Lock Surgeon's Head office: 17812 -118 ave Edmonton Alberta. **Site Contacts:** Josh Frick, Pat Frick, Tyler S.

Payments can be made with: Debit, Visa or MasterCard
